Label (box)	PP + rubber-based hot melt adhesive	Yes*	Acceptable in paper recycling stream (low mass ratio)
Stretch film	LDPE (PE-LD 4)	Yes	Recyclable where facilities exist
Pallet	Wood	Yes	-

Declaration Statement

We hereby declare that the packaging used for above-mentioned product complies with the applicable requirements of the EU Packaging and Packaging Waste Regulation (PPWR) and relevant national legislation.

- Packaging materials are minimized to the extent necessary.
- All packaging components are identified and documented
- The majority of packaging materials are recyclable within existing recycling systems.
- Labels made of PP with rubber-based hot melt adhesive are compatible with recycling processes. Due to their size and proportion, they do not interfere with sorting (NIR detection) and are acceptable within the respective recycling streams.
- The cardboard packaging is sourced from FSC-certified materials (certificate available upon request)
- Packaging is marked with the appropriate material identification codes (PAP 20 for corrugated cardboard) in accordance with the applicable PPWR requirements
- Transport packaging (pallets and stretch film) is included.
- The packaging complies with the requirements of the REACH Regulation (EC NO.1907/2006). No substances of very high concern (SVHC) are present above applicable legal thresholds.

This declaration is based on supplier documentation and internal data.
